

Free to Choose Game

What You Need:

1 Dice

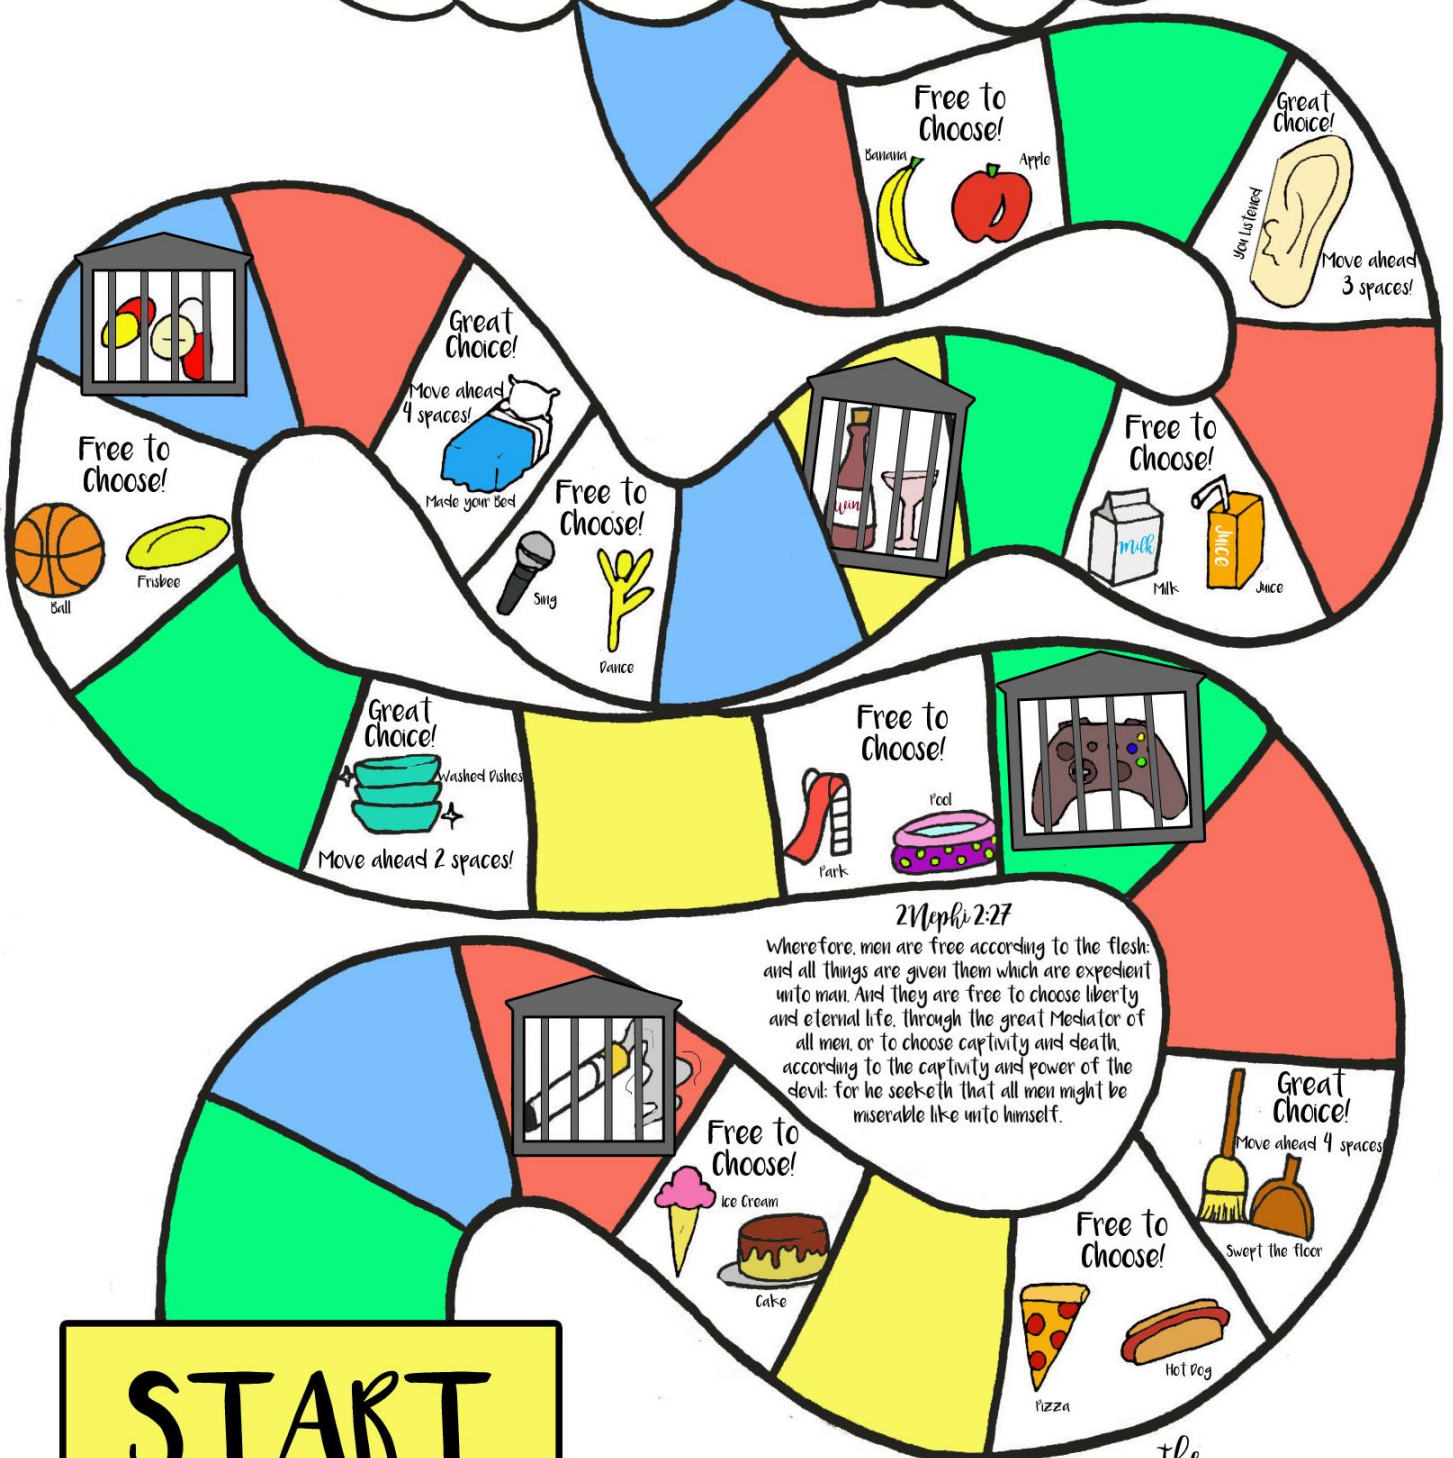

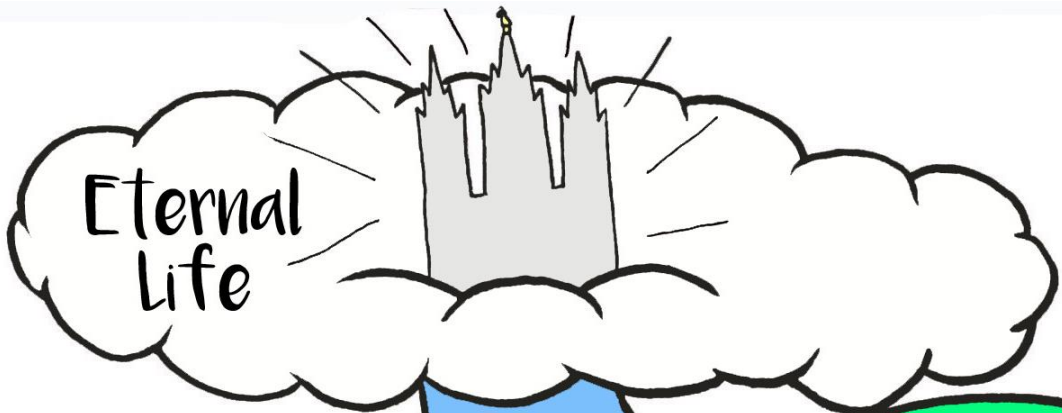

A Pawn for Each Player

Before Playing:

Read 2 Nephi 2:27. Explain that we can choose in this life. The choices we make can give us liberty and freedom, or they can keep us addicted and in captivity.

How to Play:

The youngest player gets to roll first and then the game will be played clockwise. Roll the dice and move your pawn the number of spaces according to the number you rolled. If you land on a Free to Choose! space, choose which one of the options on the space is your favorite! If you land on a Great Choice! space, read what good choice was made and then move ahead however many spaces it says to. If you land on a jail space, explain what the picture is, the addiction it can cause and why it can keep you in captivity. If you land on this space you must skip your turn. The goal is to reach eternal life by choosing to make good choices!

2 Nephi 2:27
Wherefore, men are free according to the flesh: and all things are given them which are expedient unto man. And they are free to choose liberty and eternal life, through the great Mediator of all men, or to choose captivity and death, according to the captivity and power of the devil: for he seeketh that all men might be miserable like unto himself.
